

“MODEL FOR ENTREPRENEURSHIP EDUCATION” FOR CHILDREN TO THE SCHOOLS IN GUJARAT

Workshop held on January 10th 2014 at Satyamevajayate International School, Ahmedabad.

Satyameva Jayate International School (SJIS), an Educational Initiative of International Centre for Entrepreneurship & Career Development (ICECD) has introduced the revolutionary concept of teaching Entrepreneurship to students from Standard I onwards. This SJIS Model for Entrepreneurship Education for Schools (MEE) is unique and the only model in the world that enables teaching ENTREPRENEURSHIP to school children along with the regular school syllabus. The model has emerged from last 13 years' of pilot project carried out at the Satyamevajayate International School by the experts in the field of Entrepreneurship and is now validated and is ready to be replicated. Besides enabling children to have better academic learning, it develops entrepreneurial competencies amongst them and prepares them to act in a socially responsible way.

SJIS organized a workshop on the 10th of January 2014, specifically designed for School Principals and Teachers on how they can adopt the “SJIS Model of Entrepreneurship Education” for their schools in order to inculcate the Entrepreneurial spirit. Principals and representatives from over 20 schools in Gujarat including Podar International School, Navrachna- Baroda, Shreyas Foundation, Riverside School, J G International school, Shah C J Kolsawala School, V and C Patel English School, Shreeji Image Public School, Ahmedabad International School, Jawahar Navodaya Vidyalaya, New Samarth English School were present at the workshop and unanimously felt that such an initiative was the need of the day in schools in order to achieve a holistic development of children. The Founder- Director of the school and the brain child behind this Model, Hina Shah said, “ Our socialization pattern does not allow entrepreneurial competencies to be developed. In this age of globalization, we need more job creators than job seekers. Hence the genesis of our model for Entrepreneurship Education for schools.”

PATRIOTISM SHARED ON STAGE

MG School showed tremendous performance in a recent function held in school campus. Every child was deeply involved in its character. Students showed their patriotism very efficiently and performed with a very high spirit. They sang many patriotic songs on the stage and moved the audience in trance.
